

CONTENTS OF VOLUME XXXIII, No. 5, 1939

(All rights reserved)

	PAGE
LXXXVIII. The nature of phosphoric esters formed in kidney extracts. By H. KALCKAR. (With one figure)	631
LXXXIX. The estimation of potassium and the potassium content of normal voluntary muscle. By J. N. CUMINGS	642
LXXX. The biological vitamin D assay of low-potency materials with special reference to the role of the mineral content of the diet. By N. T. GRIDGEMAN, H. LEES and H. WILKINSON. (With one figure)	645
LXXXI. The physiological properties of ascorbic acid. III. Effects upon water balance and upon body composition of guinea-pigs. By M. SHEPPARD and E. W. McHENRY	655
LXXXII. The biological determination of crystalline vitamin B ₁ . By K. H. COWARD and B. G. E. MORGAN	658
LXXXIII. The absorption of phosphates from the intestine. By V. N. PATWARDHAN and N. G. NHA VI	663
LXXXIV. The Hofmann degradation of glutamine residues in gliadin. By R. L. M. SYNGE	671
LXXXV. The amino-acid composition of rabbit myosin. By J. G. SHARP	679
LXXXVI. Qualitative tests on human enamel protein. By P. PINCUS	694
LXXXVII. The role of the aromatic amino group in deranged pigment metabolism. By G. BROWNLEE	697
LXXXVIII. Metabolism of steroids. I. The isolation of 7-hydroxycholesterol and of the "hepatols" from ox liver. By G. A. D. HASLEWOOD	709
LXXXIX. The hemicelluloses of the wood of English oak. IV. The structure of hemicellulose A. By M. H. O'DWYER	713
XC. The effect of calcium ion on tissue respiration; with a note on the estimation of oxaloacetic acid. By G. D. GREVILLE. (With one figure)	718
XCI. A comparison of the metabolic pathways of glycine and alanine. By C. REID	723
XCII. CO ₂ utilization during the dissimilation of glycerol by the propionic acid bacteria. By A. S. PHELPS, M. J. JOHNSON and W. H. PETERSON	726
XCIII. Estimations of iron in the lymph glands of mice during treatment with a carcinogenic compound. By F. L. WARREN. (With three figures)	729
XCIV. Fatty acid oxidation in liver. By L. F. LELOIR and J. M. MUÑOZ	734
XCV. Ammonia content of canine blood after oral administration of ammonium salts and ammonia. By H. KOPROWSKI and H. UNIŃSKI. (With three figures)	747
XCVI. Coupled oxidation of ascorbic acid and haemoglobin. I. By R. LEMBERG, J. W. LEGGE and W. H. LOCKWOOD. (With one figure)	754
XCVII. Pyruvate oxidation in brain. V. Evidence derived from the metabolism of α -ketobutyric acid. By C. LONG and R. A. PETERS	759

CONTENTS

	PAGE
XCVIII. Studies on the metabolism of pyruvic acid in normal and vitamin B ₁ -deficient states. II. Blood pyruvate levels in the rat, pigeon, rabbit and man. III. The relation of blood pyruvate to cardiac changes. By G. D. LU. (With two figures)	774
XCIX. Isolation and properties of a flavoprotein from heart muscle tissue. By F. B. STRAUB. (With two figures)	787
C. On the catalytic function of heart flavoprotein. By H. S. CORRAN, D. E. GREEN and F. B. STRAUB. (With one figure)	793
CI. The effect of phloridzin on carbohydrate metabolism <i>in vitro</i> . By S. J. BACH. (With seven figures)	802
CII. The mechanism of the biological synthesis of acetylcholine. II. By EDGAR STEDMAN and ELLEN STEDMAN. (With five figures)	811
CIII. Acetylcholine metabolism in the central nervous system. The effects of potassium and other cations on acetylcholine liberation. By P. J. G. MANN, M. TENNENBAUM and J. H. QUASTEL	822
CIV. The fermentation process in tea manufacture. II. Some properties of tea peroxidase. III. The mechanism of fermentation. By E. A. H. ROBERTS. (With ten figures)	836
CV. The nutritive value of wheaten products. By N. PALMER. (With nine figures)	853

INDEX OF AUTHORS

	PAGE		PAGE
Bach, S. J.	802	Nhavi, N. G.	663
Brownlee, G.	697	O'Dwyer, M. H.	713
Corran, H. S.	793	Palmer, N.	853
Coward, K. H.	658	Patwardhan, V. N.	663
Cumings, J. N.	642	Peters, R. A.	759
Green, D. E.	793	Peterson, W. H.	726
Greville, G. D.	718	Phelps, A. S.	726
Gridgeman, N. T.	645	Pincus, P.	694
Haslewood, G. A. D.	709	Quastel, J. H.	822
Johnson, M. J.	726	Reid, C.	723
Kalckar, H.	631	Roberts, E. A. H.	836
Koprowski, H.	747	Sharp, J. G.	679
Lees, H.	645	Sheppard, M.	655
Legge, J. W.	754	Stedman, Edgar	811
Leloir, L. F.	734	Stedman, Ellen	811
Lemberg, R.	754	Straub, F. B.	787, 793
Lockwood, W. H.	754	Synge, R. L. M.	671
Long, C.	759	Tennenbaum, M.	822
Lu, G. D.	774	Uniński, H.	747
McHenry, E. W.	655	Warren, F. L.	729
Mann, P. J. G.	822	Wilkinson, H.	645
Morgan, B. G. E.	658		
Muñoz, J. M.	734
