

# CONTENTS OF VOLUME 48, No. 2, 1951

(All rights reserved)

	PAGE
The liberation of hydrogen sulphide by X-radiation from cysteine and glutathione. By W. M. DALE and J. V. DAVIES. (With four figures)	129
An L-glutamic acid decarboxylase from barley. By H. BEEVERS. (With six figures)	132
The component acids and glycerides of a horse mesenteric fat. By S. S. GUPTA and T. P. HILDITCH. (With two figures)	137
Fish tropomyosin and fish nucleotropomyosin. By G. HAMOIR. (With seven figures)	146
The effect of starvation of the pseudo-cholinesterase activity of the liver and serum of rats. By M. F. HARRISON and L. M. BROWN. (With one figure)	151
Studies in carotenogenesis. 1. General conditions governing $\beta$ -carotene synthesis by the fungus <i>Phycomyces blakesleeanus</i> Burgeff. By G. A. GARTON, T. W. GOODWIN and W. LJINSKY. (With five figures)	154
The effect of <i>cis</i> -vacccenic acid on respiration and growth of <i>Bacillus subtilis</i> . By H. LASER. (With eight figures)	164
Tricalcium phosphate as an adsorbent in the chromatography of proteins. By S. M. SWINGLE and A. TRSELIUS. (With one figure)	171
The metabolism of nitrate and nitrite in the sheep. 1. The reduction of nitrate in the rumen of the sheep. By D. LEWIS. (With six figures)	175
The use of radioactive isotopes in immunological investigations. 5. Quantitative aspects of the antibody-antigen reaction. By T. E. BANKS, G. E. FRANCIS, W. MULLIGAN and A. WORMALL. (With three figures)	180
The biological action of substances related to thyroxine. 1. The effect of <i>n</i> -alkyl 3:5-diiodo-4-hydroxybenzoates on oxygen consumption in mice. By M. M. SHEAHAN, J. H. WILKINSON and N. F. MACLAGAN. (With two figures)	188
Metabolism of derivatives of toluene. 6. Tolunitriles, benzonitrile and some related compounds. By H. G. BRAY, Z. HYBS and W. V. THORPE	192
Biochemistry of locusts. 5. The green pigment of the haemolymph and integument of solitary locusts ( <i>Locusta migratoria migratorioides</i> , R. & F., and <i>Schistocerca gregaria</i> , Forsk.). By T. W. GOODWIN and S. SRISUKH. (With three figures)	199
Derivatives of adrenaline and noradrenaline in an extract of an adrenal medullary tumour. By T. B. B. CRAWFORD	203
The preparation and properties of $\beta$ -glucuronidase. 1. The fractionation of buffered water homogenates. By L. M. H. KERR and G. A. LEVY. (With seven figures)	209
The micro-estimation of benzoic and hippuric acids in biological material. By F. DICKENS and J. PEARSON. (With one figure)	216
The aromatization of hydrogenated derivatives of benzoic acid in animal tissues. By C. T. BEER, F. DICKENS and J. PEARSON. (With six figures)	222
A note on the racemization of serine. By J. C. CRAWHALL and D. F. ELLIOTT	237
Ultramicro determination of chloride. By R. VISWANATHAN	239
Improved manometric fluid. By H. A. KREBS	240
The lipid mobilized by anterior pituitary extract. By J. CAMPBELL and C. C. LUCAS. (With two figures)	241
The effect of a high-sucrose diet on the calcium and phosphorus content of the enamel and dentine of rat incisors. By R. L. HARTLES	245
Chemistry of tissues. 4. Methylation studies on hyaluronic acid. By M. A. G. KAYE and M. STACEY. (With three figures)	249

*Proceedings of the Biochemical Society*

	PAGE
The effects of steroid hormones and of gonadotrophins on histaminase. By R. KAFELLER-ADLER . . . . .	xxi
The valency of antibodies. By J. R. MARRACK, H. HOCH and R. G. S. JOHNS . . . . .	xxi
The transamination and oxidation of L-tyrosine by rat liver with the formation of acetoacetate. By M. LE MAY-KNOX and W. E. KNOX . . . . .	xxii
An activator of hexokinase in animal tissues. By H. WEIL-MALHERBE . . . . .	xxiii
The catalytic effect of molybdate on the hydrolysis of phosphate bonds. By H. WEIL-MALHERBE . . . . .	xxiv
Cholinesterase inhibition by parathion ( <i>p</i> -nitrophenyldiethylthiophosphate). By W. M. DIGGLE and J. C. GAGE . . . . .	xxv
Effect of vitamin B deficiency on nucleic acid phosphorus content of rat bone marrow. By C. LUTWAK-MANN . . . . .	xxv
Effect of malnutrition on the secretory function of male accessory glands of reproduction. By C. LUTWAK-MANN and T. MANN . . . . .	xxvi
The metabolism of nitrobenzene and mononitrophenols in rabbits. By D. ROBINSON, J. N. SMITH and R. T. WILLIAMS . . . . .	xxvii
Metabolism of benzene. Excretion of phenylsulphuric acid after administration of phenylmercapturic acid and phenylcysteine. By D. V. PARKE and R. T. WILLIAMS . . . . .	xxvii
Spectrophotometric determination of phenolsulphatase (arylsulphatase). By D. ROBINSON, B. SPENCER and R. T. WILLIAMS . . . . .	xxviii
Glucuronide synthesis in liver homogenates. By G. J. DUTTON and I. D. E. STOREY . . . . .	xxix
The estimation of sodium gentisate in plasma or serum. By B. W. MEADE and M. J. H. SMITH . . . . .	xxix
The evolution of dimethyl sulphide from bracken, 'horse's tail' and other plants on treatment with sodium hydroxide. By R. BYWOOD, F. CHALLENGER, D. LEAVER and M. I. WHITAKER . . . . .	xxx
Liver glutathione and ascorbic acid in dietetic liver necrosis of rats. By O. LINDAN and E. WORK . . . . .	xxxi
