Authors usually receive a response to a submitted paper in 2-3 weeks, and publication follows in about 2 months.
Mobility and Migration of Biological Molecules

Edited by P. B. GARLAND and R. J. P. WILLIAMS

Mobility and Migration of Biological Molecules was the title of the Biochemical Society's Forty-sixth Symposium held in London in December 1980. The fifteen papers presented by leading biochemists involved in research studies of molecular movement are now published in this book. In particular, the aspects of intramolecular movements of proteins, movements of ions and reaction intermediates in proteins (including the structure and function of ion channels), rotational and lateral movements in biomembranes and movements of proteins across membranes are discussed in detail. Mobility and Migration of Biological Molecules offers the specialist a valuable review of the existing state of knowledge and useful signposts for the directions further research must take.

Writing a Scientific Paper & Speaking at Scientific Meetings

By Vernon Booth

To the newly revised and amplified fifth edition of Writing a Scientific Paper, the author has added the companion essay on Speaking at Scientific Meetings. Widely praised in its earlier editions, this concise compendium of advice is expected to receive renewed acclaim. By both the first-time writers of scientific papers and the alert 'old hand' it will be found of the greatest help in avoiding faults in writing and presenting papers.

Soft cover 48 pp. £2.50 (US$6.00)
