■ *Biochemical Society Transactions* (ISSN 0300-5127 for print/online journal; ISSN 1470-8752 for online only journal) is published by Portland Press Ltd on behalf of the Biochemical Society. Three parts contain the lectures and colloquia presented at a meeting of the Biochemical Society or one of its constituent interest groups and, occasionally, the colloquia of other scientific meetings of biochemical interest held in the U.K. or elsewhere. These articles are available online (see <http://bst.portlandpress.com>). Three parts contain abstracts of the presentations at the Biochemical Society's meetings. Submitted primary research papers are not published and authors are reminded that detailed presentation of new experimental data may prejudice its subsequent publication in precisely that same form elsewhere. Lectures and colloquium contributions are published subject to editorial acceptance and authors will be issued with instructions on the format of their article before the meeting. Authors intending to present posters at Society meetings should contact the Meetings Office, the Biochemical Society, 59 Portland Place, London W1B 1QW, U.K. (telephone 020 7580 5530; fax 020 7637 7626; e-mail meetings@biochemistry.org).

■ For information about the advantages of membership of the Biochemical Society, contact the Executive Secretary, The Biochemical Society, 59 Portland Place, London W1B 1QW, U.K. (telephone 020 7580 5530).
