In 1970 Vernon Booth was awarded the First Prize in a competition organized by Koch-Light Laboratories Ltd, Colnbrook, Bucks, U.K. His article 'Writing a Scientific Paper' was printed first in 1971, and 10 000 copies were distributed freely by Koch-Light. A Second Edition was prepared by Dr Booth and distributed privately. Copies of the First and Second Editions are no longer in print, but requests for them have not ceased. Hence this Third Edition, which is a revision of the previous versions, published in *Biochemical Society Transactions* by permission of Koch-Light Laboratories Ltd.

This new edition, extensively revised, of the prize-winning article by Vernon Booth is available as a booklet, price 50p. (US \$1.50) postage and packing paid (by surface mail outside Europe).

ESSAYS IN MEDICAL BIOCHEMISTRY

A new series jointly promoted by The Biochemical Society and The Association of Clinical Biochemists. There will be one volume per year, the first of which is listed below. It is hoped that the Essays will also be of interest to senior biochemistry and medical students as well as to their teachers, and they are priced accordingly.
