

Clinical SCIENCE

C O N T E N T S

COMMENTS

- Natriuretic peptides as markers of patent ductus arteriosus in preterm infants**
by H. Holmstrom and T. Omland (see accompanying paper pp. 75-77) 79-80
First published on the Internet 24 June 2002
- Assessing spontaneous baroreflex function: methodological considerations**
by G. Parati and M. Di Rienzo (see accompanying paper pp. 81-88) 89-91
First published on the Internet 20 June 2002

RAPID COMMUNICATION

- Plasma brain natriuretic peptide as a predictor of haemodynamically significant patent ductus arteriosus in preterm infants**
by V. F. Puddy, C. Amirmansour, A. F. Williams and D. R. J. Singer 75-77
First published on the Internet 20 June 2002

PAPERS

- Effect of linsidomine on the human radial artery**
by J. P. Remadi, B. Colas, H. Masson, M. Slama and M. Andréjack 1-6
First published on the Internet 5 June 2002
- Empirical estimates of mean aortic pressure: advantages, drawbacks and implications for pressure redundancy**
by D. Chemla, J.-L. Hébert, E. Aptecar, J.-X. Mazoit, K. Zamani, R. Frank, G. Fontaine, A. Nitenberg and Y. Lecarpentier 7-13
First published on the Internet 5 June 2002
- Increased nitric oxide elimination from the airways after smoking cessation**
by M. Högman, T. Holmkvist, R. Wålinder, P. Meriläinen, D. Lúdvíksdóttir, L. Håkansson and H. Hedenström 15-19
First published on the Internet 5 June 2002
- Disruption of the elastin gene in adult Williams syndrome is accompanied by paradoxical reduction in arterial stiffness**
by P. Lacolley, P. Boutouyrie, M. Glukhova, J.-M. Daniel Lamaziere, P.-F. Plouin, P. Bruneval, P. Vuong, P. Corvol and S. Laurent 21-29
First published on the Internet 6 June 2002
- Altered L-arginine metabolism results in increased nitric oxide release from uraemic endothelial cells**
by R. C. Thuraisingham, N. B. Roberts, M. Wilkes, D. I. New, A. C. Mendes-Ribeiro, S. M. Dodd and M. M. Yaqoob 31-41
First published on the Internet 6 June 2002

- Impaired sympathetic regulation of cerebral blood flow in patients with cirrhosis of the liver**
by A. Lagi, G. Laffi, S. Cencetti, G. Barletta, M. Foschi, F. Vizzutti, R. Bandinelli, P. Pantaleo, C. Tosti Guerra,
P. Gentilini and G. La Villa 43–51
First published on the Internet 7 June 2002
- Serum from healthy pregnant women reduces oxidative stress in human umbilical vein endothelial cells**
by F. Scalera, T. Fischer, D. Schlembach and E. Beinder 53–57
First published on the Internet 11 June 2002
- Reproducibility of derived central arterial waveforms in patients with chronic renal failure**
by M. T. Savage, C. J. Ferro, S. J. Pinder and C. R. V. Tomson 59–65
First published on the Internet 11 June 2002
- Differential mechanisms of endothelium-dependent vasodilator responses in human myometrial small arteries in normal pregnancy and pre-eclampsia**
by L. C. Kenny, P. N. Baker, D. A. Kendall, M. D. Randall and W. R. Dunn 67–73
First published on the Internet 11 June 2002
- Measuring baroreflex sensitivity from the gain function between arterial pressure and heart period**
by G. D. Pinna, R. Maestri, G. Raczak and M. T. La Rovere 81–88
First published on the Internet 20 June 2002
- Enhanced blood insulin overcomes pyruvate dehydrogenase derangements that reflect systemic insulin resistance in obese adolescents**
by M. Mostert, F. Cerutti, M. Piccinini, I. Rabbone, C. Sacchetti, G. Pacini and M. T. Rinaudo 93–99
First published on the Internet 20 June 2002
- Angiotensinogen M235T gene polymorphism and recurrent restenosis after repeated percutaneous transluminal coronary angiography**
by S. Hertwig, H. Völzke, D. M. Robinson, W. Motz and R. Rettig 101–106
First published on the Internet 20 June 2002

CORRESPONDENCE

- Is circulating nitrite a directly acting vasodilator?**
by D. Tsikas and J. C. Frölich 107–108
First published on the Internet 20 June 2002
- Is circulating nitrite a directly acting vasodilator?: authors' reply**
by E. A. G. Demoncheaux, T. M. Higenbottam, P. J. Foster, C. D. R. Borland, A. P. L. Smith, H. M. Marriott,
D. Bee, S. Akamine and M. B. Davies 108–110
First published on the Internet 20 June 2002

SUPPLEMENT 47

- Communications for the Spring Meeting of the Medical Research Society held at the Royal College of Physicians, London, on 4 February 2002** 1P–77P
