REVIEW

Mesenchymal stem cells in rheumatology: a regenerative approach to joint repair

C. De Bari and F. Dell'Accio

339–348

Published on the Internet 12 September 2007, doi:10.1042/CS20070126

PAPERS

The RANTES – 403G > A promoter polymorphism in Korean men: association with serum RANTES concentration and coronary artery disease

Y. Jang, J. S. Chae, Y. J. Hyun, S. J. Koh, J. Y. Kim, M. J. Ko, S.-J. Rim, H.-J. Shin, J. M. Ordovas and J. H. Lee

349–356

Published as Immediate Publication 15 May 2007, doi:10.1042/CS20070014

ACE2 overexpression inhibits hypoxia-induced collagen production by cardiac fibroblasts

J. L. Grobe, S. Der Sarkissian, J. M. Stewart, J. G. Meszaros, M. K. Raizada and M. J. Katovich

357–364

Published as Immediate Publication 29 June 2007, doi:10.1042/CS20070160

ABSTRACTS

Abstracts from the 5th US/Japan Workshop on Molecular and Cellular Aspects of Vascular Smooth Muscle Function, held in Hawaii, on 7–9 January 2007

1P–8P
