## C O N T E N T S

### REVIEW

**Diaphragm electromyography using an oesophageal catheter: current concepts**

Y. M. Luo, J. Moxham and M. I. Polkey

233–244

Published on the Internet 12 September 2008; doi:10.1042/CS20070348

### PAPERS

**Cancer-associated differences in acetylcholinesterase activity in bronchial aspirates from patients with lung cancer**

A. Martínez-López de Castro, S. Nieto-Cerón, P.-C. Aurelio, L. Galbis-Martínez, J. Latour-Pérez, J. Torres-Lanzas, I. Tovar-Zapata, P. Martínez-Hernández, J. N. Rodríguez-López and J. Cabezas-Herrera

245–253

Published as Immediate Publication 23 January 2008; doi:10.1042/CS20070393

**Dynamic cerebral autoregulatory capacity is affected early in Type 2 diabetes**

Y.-S. Kim, R. V. Immink, W. J. Stok, J. M. Karemaker, N. H. Secher and J. J. van Lieshout

255–262

Published as Immediate Publication 18 March 2008; doi:10.1042/CS20070458

### RETRACTION

**Transgenic expression of human complement regulators reduces skeletal muscle ischaemia/reperfusion injury in mice**

K. R. Knight, T. A. Shinkel, P. J. Cowan, R. Romeo-Meeuw, A. J. F. d'Apice and W. A. Morrison  
(vol. 108, pp. 47–53, 2005)
