

CLINICAL SCIENCE

Vol. 38, No. 4

April 1970

CONTENTS

- Calcium metabolism and ^{47}Ca kinetics before and after long-term thyrocalcitonin treatment in senile osteoporosis
A. CANIGGIA, C. GENNARI, M. BENCINI, L. CESARI and G. BORRELLO 397-407
- Changes of renin in individual glomeruli in response to variations of sodium intake in the rabbit
H. GAVRAS, J. J. BROWN, A. F. LEVER and J. I. S. ROBERTSON 409-413
- Nocturia in patients on long-term steroid therapy
J. P. THOMAS, G. A. COLES and A. H. EL SHABOURY 415-425
- Influence of dietary sucrose on glucose and fructose tolerance and triglyceride synthesis in the baboon
T. M. COLTART and J. N. CROSSLEY 427-437
- Observations of renal function in patients undergoing therapeutic diuresis with frusemide
R. F. JEWKES, N. BURKI and A. GUZ 439-449
- Influence of anaesthesia on the regional distribution of perfusion and ventilation in the lung
G. H. HULANDS, R. GREENE, L. D. ILIFF and J. F. NUNN 451-460
- Lability of pulmonary pressure/flow curves during exercise in clinically mild bronchitis; evidence for a pulmonary vascular shunt in man
G. B. FIELD and J. E. COTES 461-477
- The mechanism of diuresis caused by renal lymphatic obstruction
T. WADA, M. OGAWA, J. ISHIKAWA, M. YAMOUCI, E. KATO and S. ASANO 479-489
- Circulatory reflexes in cerebral ischaemia involving different vascular territories
M. GROSS 491-502
- The hypoxic drive to breathing in chronic bronchitis and emphysema
D. C. FLENLEY, D. H. FRANKLIN and J. S. MILLAR 503-518
- A detailed study of the urinary peptides in a patient with osteomalacia and hyperparathyroidism
ROSE CAHILL, R. SMITH and R. G. WESTALL 519-532
- The urinary excretion of lysozyme in dogs
J. F. HARRISON and A. D. BARNES 533-547
- MEDICAL RESEARCH SOCIETY (Meeting held on 20 February 1970)
- Communications 23p-27p
- Demonstrations 27p-29p
