

CLINICAL SCIENCE

Vol. 39, No. 1

July 1970

CONTENTS

- The excretion of calcium in the urine and its relation to calcium intake, sex and age
R. H. DAVIES, D. B. MORGAN and ROSA S. RIVLIN 1-12
- Renal responses to vena caval and portal venous infusions of sodium chloride in unanaesthetized dogs
S. POTKAY and J. P. GILMORE 13-20
- Unsteady state measurements of oxygen transfer in patients with rheumatic heart disease
J. H. AUCHINCLOSS, JR, R. GILBERT and G. H. BAULE 21-37
- Increased capillary permeability to ^{131}I odide and ^{51}Cr]EDTA in the exercising forearm of long-term diabetics
J. TRAP-JENSEN 39-49
- Changes in acid-base balance during peritoneal dialysis with fluid containing lactate ions
S. R. DIXON, W. I. MCKEAN, J. E. PRYOR and R. O. H. IRVINE 51-60
- The relation between the rate of production of gastric juice and its electrolyte concentrations
M. HOBBSLEY and W. SILEN 61-75
- The electrolytes of alkaline human gastric juice
J. R. C. GARDHAM and M. HOBBSLEY 77-87
- The role of parathyroid hormone in the gastro-intestinal absorption of calcium
M. R. WILLS, J. WORTSMAN, C. Y. C. PAK and F. C. BARTTER 89-94
- The measurement of intestinal calcium absorption by external radioisotope counting: application to study of nephrolithiasis
M. R. WILLS, E. ZISMAN, J. WORTSMAN, R. G. EVENS, C. Y. C. PAK and F. C. BARTTER 95-106
- Estimations of the total body vitamin B_{12} in the live subject
J. F. ADAMS, H. I. TANKELE and FIONA MACEWAN 107-113
- Iron metabolism in patients with chronic renal failure
K. BODDY, D. H. LAWSON, A. L. LINTON and G. WILL 115-121
- Cardiorespiratory disturbances associated with infective fever in man: studies of Ethiopian louse-borne relapsing fever
D. A. WARRELL, HELEN M. POPE, E. H. O. PARRY, P. L. PERINE and A. D. M. BRYCESON 123-145

MEDICAL RESEARCH SOCIETY (Meeting held on 8 May 1970)
