C O N T E N T S

COMMENTS

Cardiovascular effects of sex hormones

by H. Teede and B. P. McGrath

1-3

First published on the Internet 14 June 1999

Blood coagulation, fibrinolysis and exercise

by D. L. Traber

117-118

First published on the Internet 15 June 1999

Endothelial cell damage and the development or progression of atherosclerosis

by A. D. Blann

119-121

First published on the Internet 16 June 1999

REVIEW

Role of nitric oxide in the regulation of cardiovascular autonomic control

by S. Chowdhary and J. N. Townsend

5-17

First published on the Internet 21 May 1999

RAPID COMMUNICATION

Effect of nebulized epoprostenol (prostacyclin) on exhaled nitric oxide in patients with pulmonary hypertension due to congenital heart disease and in normal controls

by I. A. Forrest, T. Small and P. A. Corris

99-102

First published on the Internet 1 June 1999

PAPERS

Gender differences in the endothelial regulation of α_2 -adrenoceptor-mediated contraction in the rat aorta

by N. Tejera, G. Balfagón, J. Marin and M. Ferrer

19-25

First published on the Internet 21 May 1999

Activation of haemostasis by exercise, mental stress and adrenaline: effects on platelet sensitivity to thrombin and thrombin generation

by N. H. Wallén, A. H. Goodall, N. Li and P. Hjerdahl

27-35

First published on the Internet 24 May 1999

Endothelial haemostatic factors are associated with progression of urinary albumin excretion in clinically healthy subjects: a 4-year prospective study

by P. Clausen, B. Feldt-Rasmussen, G. Jensen and J. S. Jensen

37-43

First published on the Internet 21 May 1999

- Contractile properties of rat skeletal muscles following storage at 4°C**
 by E. P.A. van der Heijden, A. B.A. Kroese, R.W. Stremel, P. R. Bär, M. Kon and P. M. N. Werker 45–57
First published on the Internet 21 May 1999
- Phagocyte functions in stressed rats: comparison of modulation by glutamine, arginine and ornithine 2-oxoglutarate**
 by C. Moinard, B. Chauveau, S. Walrand, C. Felgines, J. Chassagne, F. Caldefie, L. A. Cynober and M.-P. Vasson 59–65
First published on the Internet 21 May 1999
- Effect of externally applied focused acoustic energy on clot disruption *in vitro***
 by S. Westermark, H. Wiksell, H. Elmqvist, K. Hultenby and H. Berglund 67–71
First published on the Internet 21 May 1999
- Hypophosphatasia: diagnostic application of linked DNA markers in the dominantly inherited adult form**
 by S. J. Iqbal, D. S. Plaha, G. H. Linforth and R. Dagleish 73–78
First published on the Internet 1 June 1999
- Changes in muscle strength in women following the menopause: a longitudinal assessment of the efficacy of hormone replacement therapy**
 by J. P. Greeves, N.T. Cable, T. Reilly and C. Kingsland 79–84
First published on the Internet 1 June 1999
- Effects of treatment of rheumatoid arthritis patients with an antibody against tumour necrosis factor α on reticuloendothelial and intrapulmonary granulocyte traffic**
 by P. C. Taylor, A. M. Peters, D. M. Glass and R. N. Maini 85–89
First published on the Internet 1 June 1999
- The renal endothelin system in the Prague hypertensive rat, a new model of spontaneous hypertension**
 by V. Vogel, A. Bäcker, J. Heller and H. J. Kramer 91–98
First published on the Internet 1 June 1999
- Altered cardiovascular haemodynamics and baroreceptor–heart rate reflex in adult sheep after prenatal exposure to dexamethasone**
 by M. Dodic, A. Peers, J. P. Coghlan, C. N. May, E. Lumbers, Z.-Y. Yu and E. M. Wintour 103–109
First published on the Internet 1 June 1999
- Elevated activity of semicarbazide-sensitive amine oxidase in blood from patients with skeletal metastases of prostate cancer**
 by J. Ekblom, J. Grönvall, B. Lennernäst, S. Nilsson, H. Garpenstrand and L. Oreland 111–115
First published on the Internet 4 June 1999
- Human placental nitric oxide synthase activity is not altered in diabetes**
 by J. L. di Iulio, N. M. Gude, R. G. King, C. G. Li, M. J. Rand and S. P. Brennecke 123–128
First published on the Internet 15 June 1999

SUPPLEMENT 4 I

Communications for the Spring Meeting of the Medical Research Society held on the 19 May 1999 at the Royal College of Physicians, London

1P–15P
